ABOUT US

JIMMY FOX – EATING SWEETS AND HAVING FUN ALL IN ONE

We import chewing gums, lollipops, liquorice, toys with sweets and lots of other attractive foods for you that your customers are going to love. Our goods in beautiful bright packages will not pass unnoticed in your shops. Take a look at the portfolio of our products on our new website. We do not only import them but we also develop and design them together with the producers.

The popularity of all our products has been tested for years. We would like to highlight all products of our new brand Jimmy Fox – e.g. lollipops with cracking powder **MONKEY POPPING LOLLIPOP** or **TOILET LOLLIPOP**, sprays **SUPER HEROES** and **SUPER BOMB**, toys with sweets **FLY FAN**, balloons with cracking powder **HAPPY BALLOONS** and many others.

These new products are packaged in packages that we created in cooperation with the professional design studio and we believe that each shopping will include the product with the logo of wily fox. :) Our sweets are at the same time toys that children love and they have fun with them any time. Jimmy Fox is hugely successful not only in **Czechia** and **Slovakia** but also in other **European countries**.

Our portfolio also includes products of other **TOP brands**, e.g. **MAKS FOOD INDUSTRY**, **FINI**, **RAVAZZI**, **GOLSKI**, **JAKE**, **BULGARI**.

We follow strict rules when choosing our suppliers. The quality of our products meets strict EU regulations. We make sure that sweets consist of ingredients of the highest quality, we use safe packaging materials and we passed many strict certifications. We guarantee that our products are not harmful to health and that they are safe for children.

The background is a vibrant pink with a gradient. It is decorated with numerous small, multi-colored stars and confetti pieces scattered across the surface. On the left side, there are two large, glossy pink spheres. The central focus is the 'JIMMY FOX' logo, which features a stylized orange fox head with white accents and a black outline. Below the fox head, the words 'JIMMY FOX' are written in a bold, bubbly, multi-colored font with a black outline. Underneath this, the words 'PRODUCT CATALOG 2025' are written in a similar bubbly font, also multi-colored with a black outline. At the bottom center, there is a logo for 'MP SWEET' with a circular icon above the text, and the website address 'WWW.MPSWEET.CZ' below it.
